Company Overview

Established in 2015, Imini Enhle Holdings (Pty) Ltd is an ISO-certified engineering and mining support services company driven by environmental sustainability.

Delivering environmental management, electrical, mechanical, and civil engineering services, the company supports underground, opencast, and surface mining operations.

An **11-year** track record has earned iMini Enhle partnerships with South Africa's leading mining houses and infrastructure operators.

Our Vision

To serve as a trusted partner in responsible mining, engineering and environmental sustainability.

Our Mission

To deliver environmental, engineering and mining support services through systematic project delivery, regulatory compliance, and strong partnerships.

Mining & Environmental Support Services

Underground Operations

Infrastructure & Civil Works

- U/G Wall Ventilation: Construction & maintenance of seals, brattices, and stoppings for airflow control.
- U/G Air Crossing/Overcast: Engineering of specialized air bridges to cross fresh and return air streams safely.
- U/G Water & Sewer Infrastructure: Installation & repair of bulk water pipes, stormwater systems, and drainage.
- U/G Road Maintenance: Grading & surfacing of underground haulage roads for machine mobility.

Specialized Infrastructure Supply

- Installation of U/G rolling shutter doors (workshops & bays)
- Supply of U/G signage & safety plant equipment
- Procurement & supply of specialized mining tools

Opencast/Surface Operations

Mining Support Services

- Contract mining services
- Loading & hauling
- Material handling
- Rehabilitation & mine closure

Engineering & Construction

- Instrumentation & telemetry services
- Project planning & specifications
- Ventilation systems

Environmental Management:

- Health, safety & hygiene
- Waste management
- De-watering systems
- Erosion control & seeding
- Water & air quality control
- Pest control
- Grass cutting & fire breaks
- Industrial & commercial cleaning

Engineering Services

iMini Enhle provides electrical, mechanical, and civil engineering services for underground, opencast, and surface mining operations.

Electrical Engineering

- Manufacturing of non-flameproof and flame-proof panels (including conveyor starter panels).
- Installation of full key, control, and C/T (Current Transformer) systems.
- Design of customized electrical systems as per client requirements.
- Cable splicing & electrical cable terminations.
- Shutdowns & scheduled electrical maintenance.
- Design, installation, and maintenance of lighting and electrical systems (including flameproof plant lighting, LED, and office illumination).
- Machinery & electrical control system re-wiring.
- Procurement, supply, and installation of electrical mining equipment & supplies.

Mechanical & Civil Engineering

- Erection and reclamation of conveyor structures.
- Conveyor belt maintenance, belt splicing, and general fabrication.
- Installation of conveyor belt drives, components, and idlers.
- Structural installations and steel modifications.
- Supply and installation of HDPE water supply & drainage pipes, pumps, and valves.
- Civil building, paving, and structural fencing.
- Road construction, restoration, and track maintenance.
- Industrial plumbing and painting services.
- Supply of mechanical engineering components and industrial tools.

Previous & Ongoing Projects

Since 2015, Imini Enhle has delivered mining support services to South Africa's leading mining operations. Our project portfolio demonstrates consistent delivery for underground, opencast, and surface mining operations.

Glencore Operations (Pty) Ltd

- Civil works, including road construction, safety berms, & V-drain water management.
- Sanitation, septic tank maintenance, & commercial hygiene services.
- Mine closure, rehabilitation, & de-watering.
- Environmental site management, landscaping, & fire breaks.

Seriti Resources Holdings (Pty) Ltd

- Infrastructure maintenance, haul road management, & dust suppression.
- Integrated waste management & site sanitation services.

Thungela Resources Limited

- Wetland licensing
- Underground sanitation

Transnet SOC Ltd

Plant hire for road maintenance

Eskom Holdings SOC Ltd

Supply & delivery of mechanical, electrical, and instrumentation consumables.

Minopex (Pty) Ltd

Supply and delivery of electrical consumables & cleaning chemicals.
